## The Changing Face of Health Care Social Work

Professional Practice in the Era of Managed Care, 2nd Edition

Sophia F. Dziegielewski, PhD, LCSW

*"There have been very few comprehensive and up-to-date books on health social work published in the past decade. Dr. Dziegielewski's second edition is not only the most comprehensive book in the field to date but is also the most informative, timely, and extremely well written."*

Albert R. Roberts, Ph.D., Series Editor

Updated and revised, this text advocates a proactive stance for health care social workers. It will serve as a practical guide that addresses the principles of practice in our current health care environment. With the advent of numerous health care changes such as managed health care with its focus on behaviorally-based outcomes and objectives, this volume illustrates the "new" face of health care social work. This comprehensive text is full of practice-oriented tips, professional "profiles" in such diverse arenas of practice as the emergency room, home care, case management, and hospice, questions for further study, and select Website resources per chapter. It will help prepare social workers for the practice change needed in order to become viable clinical practitioners.
